Healthy Eating Tips Truck Drivers

Maintaining a healthy lifestyle can be hard for truck drivers with long hours, lack of exercise and eating meals away from home. However, you can eat a healthy diet and be more active. It takes planning. Making healthy choices may mean better quality of life. Here are a few tips:

- **Consider Buying a Power Inverter.** This would allow you to use a small microwave, a mini refrigerator, or an electric cooler. You could make some of your own meals and healthier snacks. With the money saved from eating out 2 - 3 times per day, it would pay for itself quickly.

- **Plan Ahead.** Packing meals and snacks will help your waistline and budget. Keep in mind balance, variety, and moderation.

<thead>
<tr>
<th>Fruits</th>
<th>Fresh and canned fruit (packed in its own natural juice or with no added sugar)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Breads/Grains</td>
<td>Whole grain breads and cereals, whole grain crackers, English muffin, and mini bagels</td>
</tr>
<tr>
<td>Vegetables</td>
<td>Fresh vegetables already washed and cut up in small plastic bags or containers</td>
</tr>
<tr>
<td>Milk/Dairy</td>
<td>Low fat cheeses such as mozzarella, string cheese, farmer’s cheese, low fat cottage cheese; low fat yogurt, and small containers of skim or 1% milk</td>
</tr>
<tr>
<td>Meat/Protein</td>
<td>Salmon and tuna packed in water or low fat meats like roasted chicken, turkey, ham, and lean roast beef</td>
</tr>
</tbody>
</table>

- **Fuel Up Often (and not just your truck).** Start your day with a balanced breakfast. Eating 3 smaller meals and 2- 3 healthy snacks is a better choice than eating 2-3 large fast food meals each day.

- **Hydrate, Hydrate, Hydrate.** Keep a supply of water in the truck and drink a glass before each meal. It is a zero calorie drink and will prevent excess snacking. Try a lemon or lime slice to add flavor.
• **Snack Smart.** Eating out of bags or boxes can lead to overeating. Pre-filling small plastic bags with snacks is helpful. Instead of potato chips or candy choose:
  - raw veggies or low sodium vegetable juice
  - fresh fruit, dried fruit, or fruit canned in its own juice or with no added sugar
  - 100 calorie® snack packs
  - low fat granola bar, or high fiber bar
  - low fat or light yogurt (add a high fiber cereal for a creamy but crunchy snack)
  - whole grain pretzels
  - whole grain crackers with a thin layer of peanut butter or reduced fat cheese
  - nuts (be mindful of portion size). A serving of nuts is a small handful (¼ cup or ~250 calories). Some of the healthier nuts are almonds, pistachios, walnuts, and pecans.
  - Hummus with pita crisps

• **Walk Break.** After you gas up or use the facilities, walk around the outside of the parking lot. Even a 15-minute walk will help stretch your legs, burn some calories and combat fatigue. Doing this twice a day would be an investment in your health. Be sure you are in a safe area, and are aware of your surroundings.

• **Shop Around.** If you don't have much room in your truck, you may only be able to bring 2-3 days worth of food. Take the time to go to a store to restock your cab. It takes time but you are worth it!
