Did you know that 1 in 6 Americans will get sick from food poisoning this year? Food poisoning not only sends 128,000 Americans to the hospital each year, it can also have long-term health effects.

The keys to basic food safety are cooking food to the right temperature and handling food properly. Follow these guidelines to keep you, your family, and your guests safe.

For more information on these and other food safety guidelines, please visit www.foodsafety.gov.

**Practice Good Hygiene**

Use hot water and regular soap to wash your hands. Scrub the backs of your hands, between your fingers, and under your nails for at least 20 seconds. Need a timer? Try humming the “Happy Birthday” song from beginning to end twice. Rinse hands, then dry with a clean towel.

Wash your hands often, especially during these key times when germs can spread:

- Before, during, and after preparing food
- Before serving food or eating
- After handling raw meat, poultry, seafood, eggs, or their juices
- After using the toilet, touching garbage, touching an animal, or picking something up off the floor
- After changing a diaper or taking care of someone who is sick
- After blowing your nose, coughing, or sneezing

**Cook to Safe Temperatures**

Cook all food to the minimum safe internal temperatures on the chart above. Use a food thermometer to be sure your food is safe. When you think your food is done, place the food thermometer in the thickest part of the food, making sure not to touch bone, fat, or gristle.

**Separate Hazardous Foods**

Use one cutting board for hazardous foods (e.g. raw meat, poultry, seafood, eggs) and another for non-hazardous foods (e.g. fresh produce, cooked foods, foods that won’t be cooked).

Use separate plates and utensils for cooked and raw foods. Use hot, soapy water to wash all plates, utensils, and cutting boards that touched hazardous foods before using them again.

**Refrigerate and Freeze Properly**

Your refrigerator should be set to 40°F or below and your freezer to 0°F or below. Use a refrigerator and/or freezer thermometer to be sure. Place raw meat, poultry, and seafood on plates, in containers, or in sealed plastic bags. Freeze them if you’re not planning to use them within a few days. Freezing does not kill harmful germs, but it does keep food safe until you can cook it.

**Avoid the Danger Zone**

Bacteria that cause food poisoning grow quickest between 40°F and 140°F, also known as the danger zone. Never leave perishable foods at room temperature for more than two hours. If the food is exposed to temperatures above 90°F, refrigerate it within one hour.

If you’re not serving food right after cooking, keep it out of the temperature danger zone by using a heat source like a chafing dish, warming tray, or slow cooker. Cold foods can be kept on ice or in a cooler for longer serving times.

Never thaw or marinate foods at room temperature. The safest way to thaw or marinate is in the refrigerator or under cool running water. Leftovers should be placed in small shallow containers and refrigerated promptly to allow for quick cooling.

**Wash Produce**

Cut away any damaged or bruised areas on fruits and vegetables, then rinse under warm running water. Scrub firm produce like melons, potatoes, or cucumbers with a clean produce brush. Air dry or pat dry with a paper towel or clean cloth towel. Don’t rinse raw meat, poultry, or seafood to avoid contaminating other surfaces.

**When In Doubt, Throw It Out**

The germs that make you sick are not always the same ones that cause food to go bad. Don’t use smell, taste, and appearance as your only guides. Use the storage times on the table above to guide you. If you’re still not sure whether a food item is safe, it’s better to be safe than sorry and throw it away.

Recipe Tips

- Recipes in this cookbook have been written using the lowfat (1%) version of cow’s milk. Feel free to substitute nonfat (skim) milk or your favorite unsweetened non-dairy alternative such as soy, rice, or almond milk.
- Recipes in this cookbook can be adapted to dietary restrictions, allergies, and or food preferences as desired.
- Artificial and natural (non-caloric) sweeteners may be substituted for sugar or honey in most recipes. Follow the conversion directions on the package to know how much to add.
- Please note that any adaptations to these recipes may alter their nutritional content.
- Several recipes call for a salt-free seasoning blend. You can purchase this at the store or make your own blend by combining ½ teaspoon garlic powder, ½ teaspoon onion powder, and ¼ teaspoon ground black pepper.

Cooking Terms and Definitions

- **Braise**: A combination cooking method that uses both moist and dry heat. Typically, the food is first cooked over high heat. Then, it is finished in a covered pot with a cooking liquid at a lower temperature.
- **Sauté**: To cook food quickly, usually while stirring, in a minimal amount of fat over relatively high heat.
- **Simmer**: To cook in a liquid at a temperature just below boiling (usually 180-205°F). You should be able to see small bubbles forming along the sides of the liquid.
- **Shimmering**: A term used to describe how oil looks when hot. Once heated, the surface of the oil will have slight ripples and the oil will swirl easily in the bottom of the pan.

4. Divide the mixture into eight equal portions, then form each portion into a patty about ¼- to ½-inch thick. Press your thumb into the center of each patty to create a dimple.
5. Working in batches, add the patties to the skillet and cook until browned and cooked through, about 3-5 minutes on each side.

**Recipe Notes**

- Both the cooked and uncooked patties will freeze well, up to 3 months.
- If the patties are too dry for your taste, use ½ pound ground pork and ½ pound lean ground turkey. It will still have about half the fat as traditional pork breakfast sausage, but the slightly higher fat content will prevent a dry texture. Alternatively, you can add 1 egg or 1-2 tablespoons olive oil to the turkey mixture.

Yield: 6 servings | Serving Size: 1 cup squash with ¾ cup sauce

Ingredients

1 medium spaghetti squash (about 4-5 pounds)
1 tablespoon olive oil
1 cup chopped fresh mushrooms (about 4 ounces)
1 medium onion, diced (about 1 cup)
1 large carrot, shredded (about 1 cup)
1 celery stalk, chopped (about ¼ cup)
4-6 cloves garlic, minced (about 1 tablespoon)

Pasta Skillet with Sausage and Vegetables

Prep: 10 minutes | Cook: 30 minutes | Total: 40 minutes

Yield: 4 servings | Serving Size: ~2 cups

**Ingredients**

- 8 ounces uncooked whole-grain rotini pasta (half of a 16-ounce box)
- 1 tablespoon olive oil
- 2 cups fresh vegetables, chopped as needed (one type or a combination; e.g. zucchini, mushrooms, broccoli, peppers, onion) or 1 (16-ounce) bag frozen vegetables
- 2 pre-cooked Italian chicken sausage links, cut into ¼- to ½-inch pieces (about 6 ounces)
- 1½ cups marinara sauce (homemade or store-bought)
- 1 teaspoon Italian seasoning

5. Add the marinara sauce and Italian seasoning. Add the reserved pasta water, as needed, to thin out the sauce if it gets too thick and evaporated as you cook.
6. Cook, stirring occasionally, until simmering, about 4-5 minutes. Then add the cooked pasta and stir to combine.
7. Remove from heat and add the parmesan. Serve warm.

**Recipe Notes**

- This dish can be made with any shape of whole-grain pasta you prefer, such as penne, bowties, or rotini. Cooked spaghetti squash or zucchini noodles could be used in place of the pasta, for lower carbohydrates and more fiber.
- Chicken sausage usually comes fully cooked with options for sweet or spicy versions. Any leftover sausage links can be placed in a plastic zip-top bag and frozen for later use.

3 tablespoons extra-virgin olive oil, divided

Ingredients

2 tablespoons lemon juice or red wine vinegar
2 tablespoons extra-virgin olive oil
½ teaspoon dried oregano
½ teaspoon crushed red pepper flakes
½ medium onion, diced (about ½ cup)
1-2 cloves garlic, minced (about 1 teaspoon)
1 (15-ounce) cans no-salt-added chickpeas (garbanzo beans), drained and rinsed
1 medium tomato, diced (about 1 cup)
½ medium cucumber, unpeeled and diced (about ½ cup)
½ medium bell pepper, diced (about ½ cup)

Directions

1. In a large mixing bowl, whisk together the lemon juice or vinegar, oil, oregano, and red pepper flakes to make a dressing.

2. Add the onion and garlic. Stir to combine, then let sit for at least 10 minutes.

3. Add the chickpeas, tomatoes, cucumber, and bell pepper. Toss to combine.

4. Serve immediately, or chill before serving if desired.

Recipe Notes

Yield: 4 servings | Serving Size: ~1/2 cup

**Ingredients**

- 4 cups fresh or frozen vegetables, trimmed and cut into ¼- to 1-inch pieces (one type or a combination; e.g. bell peppers, broccoli, carrots, mushrooms, green beans, cauliflower, zucchini)
- 2 tablespoons tahini (sesame seed paste; can substitute creamy peanut butter)

4. While the vegetables are cooking, add the tahini and water to a large mixing bowl. Whisk together until smooth, then whisk in the lemon juice, garlic, and salt. If a thinner consistency is desired, whisk in additional water.
5. Remove the vegetables from the steamer basket and add to the bowl with the tahini mixture.

7. Serve immediately or refrigerate for at least 30 minutes, up to 7 days. Stir before serving to recombine.

Recipe Notes

- The flavor of this dip improves with time. If possible, make it the day before you plan to serve it. The dip will thicken as it sits in the refrigerator. If needed, add 1-2 tablespoons of water and mix well to thin.

- This dip goes well with whole-grain chips (e.g. tortilla chips) or crackers, as well as raw crunchy vegetables such as carrots, celery, cucumbers, bell peppers, broccoli, cauliflower, and snap peas.

Tropical Fruit Salsa

Prep: 15 minutes | Cook: 0 minutes | Total: 15 minutes

Yield: 8 servings | Serving Size: ½ cup

Ingredients

1 mango (about 1 cup; can substitute frozen mango, chopping as needed)
½ pineapple (about 2 cups; can substitute frozen or canned pineapple, chopping as needed)
1 medium red bell pepper (about 1 cup)
1 jalapeño pepper
1 lime, juiced (about 2 tablespoons)
1 tablespoon minced fresh cilantro
¼ teaspoon salt

Directions

1. Cut a thin slice off the top and bottom of the mango. Place the mango up on one of the cut sides. Cut along the wide sides of the pit, cutting the flesh away on both sides.

2. Use a paring knife to score the flesh into a grid pattern, going all the way down to the skin without cutting through. Use a large spoon to scoop the flesh away from the peel and into a large bowl.

3. Cut the top and the base off the pineapple. Place the pineapple upright on one of the cut sides. Slicing downward and working in sections, cut the skin away from the flesh.

4. Quarter the pineapple vertically. Then, using the same downward slicing motion, cut the core away from the flesh.

5. Cut half of the pineapple flesh into a small dice and add to the bowl with the mango. Reserve the remaining pineapple for another use.

6. Remove the seeds and ribs from the red bell pepper and the jalapeño. Mince and add to the bowl.

7. Mix in the lime juice, cilantro, and salt.

8. Serve at room temperature or chilled, with whole-grain tortilla chips or as a topping for tacos, chicken, or fish.

Directions

1. Preheat the oven to 350°F.
2. Combine the sugar and cinnamon in a small bowl. Set aside.
3. Brush both sides of each tortilla lightly with the oil.
4. Cut each tortilla into wedges; 8 wedges for whole-wheat tortillas, 4 wedges for corn tortillas.
5. Lightly sprinkle both sides of the tortilla wedges with the cinnamon-sugar mixture.

Silken Chocolate Mousse

Prep: 25 minutes | Cook: 5 minutes | Chill: 1 hour | Total: 1 hour 30 minutes

Yield: 8 servings | Serving Size: ⅓ cup

**Ingredients**

- 1 (16-ounce) block tofu, excess liquid drained and discarded
- ¾ cup semi-sweet mini chocolate chips (about 6 ounces)
- 3 tablespoons water
- 3 tablespoons unsweetened cocoa powder
- 2-3 tablespoons powdered sugar, to taste
- 1 teaspoon vanilla extract
- ½ teaspoon ground cinnamon
- ½ cup fresh raspberries (optional), divided

**Directions**

1. Place the tofu in a blender or food processor. Blend until smooth and creamy. Set aside.
2. In a microwave-safe glass bowl, add the chocolate chips, water, and cocoa powder.
3. Microwave for 30 seconds at a time, stirring in between each, until the chocolate is just finished melting, about 1½-2 minutes total. Stirring in between cooking bursts is important to keep the chocolate from burning.
4. Add the melted chocolate mixture to the tofu in the blender, along with the powdered sugar, vanilla, and cinnamon. Blend until smooth and small air bubbles form, about 1-2 minutes.
5. Divide the mixture between eight serving cups and chill until the mousse firms up, about 1 hour in the refrigerator (or 20 minutes in the freezer).
6. Top with raspberries if desired. Serve cold.

**Recipe Notes**

- Tofu is a plant-based protein that takes on the flavor of whatever you pair it with— in this case, chocolate!
- If you don’t have mini chocolate chips, you can use regular chocolate chips. They may just take longer to melt.
- To save time, consider serving this dish warm as a pudding.

Chocolate-Raspberry Banana Sorbet

Prep: 5 minutes | Cook: 0 minutes | Total: 5 minutes
Yield: 4 servings | Serving Size: ½ cup

Ingredients
- 2 frozen medium bananas, peeled and sliced before freezing
- 1 cup frozen raspberries
- ¼ cup lowfat (1%) milk
- 1½ tablespoons unsweetened cocoa powder
- 2 tablespoons semi-sweet chocolate chips

Directions
1. Add the bananas, raspberries, and milk to a blender or food processor.
2. Blend until smooth and creamy, stopping to scrape down the sides as needed.
3. Add the cocoa powder and chocolate chips. Blend to combine.
